## HARDWARE SERVICES

### MEMORY INSTALLATION

Speed up your computer, old or new, by adding or upgrading your memory (RAM) to accommodate your computing needs.

### HARDWARE DRIVE INSTALLATION

Technicians install and configure your new hard drive for more drive space and peak performance.

### VIDEO / GRAPHICS AND SOUND INSTALLATION

Pump up your Gaming experience with a new graphics card, or better sound. We'll configure any internal cards for your desktop computer.

### CUSTOM BUILT COMPUTERS

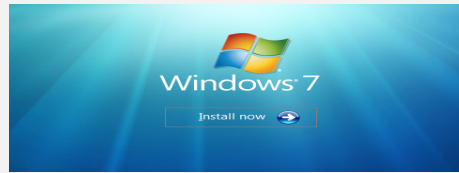

Tell me how much capacity you require and I will submit a quotation, Talk to me!

### COMPUTER CLEANING

Believe it or not, a clean computer runs better and faster than a dirty one.

### NIGHT; SATURDAY & SUNDAY SERVICES

Talk to me about your requirements, and our services.
